The Association of California Water Agencies (ACWA) began its scholarship program in 1961 to motivate committed students to join the effort to ensure California’s water quality through sound management policies. This year, ACWA continues its academic scholarship program by offering a number of scholarships, including the Clair A. Hill Scholarship.

Please review the following Clair A. Hill scholarship guidelines thoroughly before completing the scholarship application.

Applicants who do not meet the minimum eligibility requirements will not be considered.
