<p>Whether its storing water for use during dry years or recharging groundwater during wet years, infrastructure matters. We are investing locally to ensure a safe and reliable #CAWater supply now and in the future. Learn more at <a href="http://QuenchCA.com">QuenchCA.com</a> #QuenchCA</p> <p>249/280</p>	
	
<p>Drought isn't the only sign of #climatechange. More severe weather extremes, as we've seen this winter, are another sign of our state's shifting climate. Investing in water infrastructure can help us navigate these extremes &amp; #QuenchCA for generations to come. <a href="http://QuenchCA.com">QuenchCA.com</a></p> <p>273/280</p>	
	
<p>From intense drought to atmospheric rivers and everything in between, water agencies are constantly adapting our #CAwater systems to meet the needs of our state's ever-changing climate. Learn more about the work being done to #QuenchCA at <a href="http://QuenchCA.com">QuenchCA.com</a></p>
